R. I. DUMP OILERS BY BIG SCORE

Get 18 Hits and 19 Runs From Cotton Seed Men Who Have Disorganized Line-Up; Armstrong Stars

Again yesterday did the Oilers, standing at the top of the league, fall, and a great upset they took. They unloaded 18 hits and 19 scores off on the Rock Island players, who played in the most brilliant good luck witnessed on the diamond this year. While the Machinists were pulling down the opposition batters like clock work, the Oilers were completely disorganized by the loss of their regular pitcher, Seaton, their catcher, Siddons, first baseman, Scott, and Burton left fielder.

But for all that, Joe Good, laying them over the plate for the winners, pitched a good game in spite of his wildness and his fielders gave him the best support he has had this season. He gave the Oilers only five hits and for real stellar one-handed catches, those Rock Islanders were "nitting there" throughout nine innings.

The Machinists touched off the real fireworks right on the first play, when Riley connected for a single, F. Tyrrell flew out, but Polard walked, Ed Tyrrell made the second man down, then Estes went to first on an error. Wier, Armstrong and P. Lindsay each singled, letting in a total of five runs before Good made the third one down by flying out to second.

Wooten substituted for Caywood before the first half of the first was over. Prospects for the Oilers immediately brightened when Wooten, J. Lindsay and Goldsmith each crossed the plate the first time up and then retired the Machinists 1, 2, 3, but the boys from the shops practically clinched the game in the next inning when they ran in five more. J. Lindsay substituted for Wooten in the sixth, Wooten taking third base.

Featuring the game yesterday was the playing of Armstrong, who was sent into left field. He got five hits and five runs in six times up and caught three men out. His home run should have been a two bagger but the fielders couldn't find the ball until the runner had plenty of time to circle the bases.

Yesterday's shake-up leaves the Oilers still leading the league, but reduced them from 888 to 780. It raises the winners from 460 to 506, just one game below the Typos, who stand four won and three lost, or 571.

The tabulated score follows.

A corporation president has retired at the age of 85 having to his credit (?) the distinction of resisting all inventions of modern progress in conduct of business.

In his 44 years business he achieved a fair measure of success without the telephone, the typewriter, or the adding machine, how much greater success might his have been had he kept pace with the times?

You can "get by" keeping your money in the clock, or the bureau drawer, how much larger business success would you achieve if you banked your money, thereby systematizing your accounting, and at the same time by consistent sticking to one bank, building a line of credit enabling you to take advantage of an unexpected opportunity larger than your own funds at the moment permit.

Will be glad to have your account, if you are not now a customer.
